## Happy New Year!

**Welcome back to Dear Neighbour, our newsletter that keeps you updated on West Suffolk Operational Hub, Bury St Edmunds.**

A (belated) Happy New Year! We trust you had an enjoyable festive break and good start to 2019.

We have hit the ground running since the break and have continued to build on the great progress made in 2018!

Whilst we are starting to look at various other aspects of the project, our main focus is still external works consisting of foul and surface water drainage, service duct installation and concrete works.

The waste transfer, landscape store, baling and re-use building steelwork is now complete, meaning the cladding works can start.

Cladding to the office and maintenance building is well underway and we have now commenced internal wall installation along with mechanical and electrical works.

Before Christmas we had our second drone flyover. This video can be seen on the Morgan Sindall Youtube page:

<https://www.youtube.com/watch?v=GRPRcXMxpkM&t=2s>

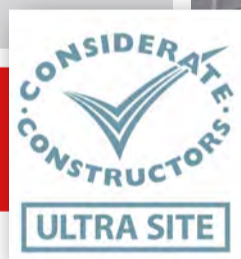

We are also going to be holding another coffee morning on Thursday 28<sup>th</sup> February 2019. Although this will be focused on the Fornham Road widening works it will be an opportunity to come and receive a first-hand update on the project.

In the normal fashion, if you would like to book a place on this event please email: [danny.branson@morgansindall.com](mailto:danny.branson@morgansindall.com)

## Delivering new waste facilities for West Suffolk

Delivered on behalf of Suffolk County Council and the West Suffolk councils, the project involves the construction of a new waste hub facility which will combine services currently provided across four separate sites onto a single site at Hollow Road Farm in Fornham St Martin.

Everyone has the right to be
